#### Legends to the abbreviations used:

##### Areas of expertise of the inspected test facility:

- 1 Physical-Chemical testing.
- 2 Toxicity studies.
- 3 Mutagenicity studies.

- 4 Environmental toxicity studies on aquatic and terrestrial organism.
- 5 Studies on behavior in water, soil and air; bioaccumulation.
- 6 Residue studies.
- 7 Studies on effects on mesocosms and natural ecosystems.
- 8 Analytical and clinical chemistry.
- 9 Other: specified.
